## FRENCH CINEMA

“Cinema is truth at twenty-four frames a second”  
- Jean-Luc Godard

Add a few more frames to your life with this survey of fifteen great French films. We will consider, among other questions, what makes a film “great,” what makes a film “French,” and what makes a film... a film. Films will be screened in French with subtitles. Class will be conducted in English with opportunities for those qualified to work in French. Please e-mail me with questions: [zarafanm@gmail.com](mailto:zarafanm@gmail.com).
